Pennsylvania 4-H
HUNTER HACK SCORE SHEET

Judge_____Date_____

The Hunter Hack horse or pony is expected to move in the same style as a hunter under saddle horse.

The majority of the emphasis in the judging is placed on the horse or pony's flat work and then the style with which they jump. Faults over fences are judged as in the Working Hunter Classes.

Refusal by the horse to jump is not cause for disqualification.

One courtesy circle prior to the first fence is permitted. Additional circles are considered a major fault.
